

Vergil Course Search and Planner

The screenshot shows the Vergil Course Search and Planner interface. At the top, there are three notification boxes: a green one about registration appointments, a yellow one about unsatisfied co-requisite requirements, and another yellow one about signing a Financial Responsibility Statement. Below these are search filters for keywords, school/department, subject/subterm, course identifier/call number, instructor, and days/times offered. The main area displays a list of 22 courses, with details for 'Financial Accounting ACCT5001B' sections 001, 002, and D01. A 'My Planner' sidebar on the right shows registered, waitlisted, and planned classes. A conflict message is visible: 'This class conflicts with MATH3020V001, WMST1050X001, AFCV1020C001'.

View current or upcoming Registration Appointments

Join Wait Lists for classes that are full or have an Instructor Managed Wait List

Students can Register for classes within the Course Search, Student Planner, or My Schedule/Registration pages

Each semester, students must review and sign the Financial Responsibility Statement

Access and view classes from the Student Planner from within the Course Search or directly from the Planner

Clearly view conflicts preventing you from Registering (Schedule Conflicts, Class Rules, Allowable Max Credit Reached, etc.)

Swap currently planned, registered, or wait listed class section to a new one
